Discovering the Holy Land:
a pilgrimage led by Fr. William and Mary Willoughby
St. Paul's, Savannah

The geography and built environment of the Holy Land have been described as the fifth Gospel. Pilgrimage allows us to make connections not only with the people, places and vision encountered in Scripture, but it broadens and deepens our appreciation of life which is ours in Jesus Christ. Alongside the monuments and memorials of its history, The Holy Land has and continues to know joy and sorrow, strife and harmony. For many, a pilgrimage to the Holy Land brings those places and encounters glimpsed in the pages of Scripture a fresh appreciation, while allowing the pilgrim to grow more deeply in their walk with Jesus.

On my pilgrimage journeys, I have learned and experienced great insights, often from spontaneous and casual encounters. Prayerful engagement of the holy sites has the power to mold our hearts because, for centuries, thousands of pilgrims have stood, knelt and prayer in the same spot, considering the same showing of God's love and desire for creation. To pray in our Lord's tomb, to stand at the site of the miracle of the loaves and fishes and to kneel at Jesus place of birth are God moments that connect us with the millions of disciples that have gone before us and will witness to the Resurrection after us.
The people and the places of the Holy Land provide challenge and comfort. The Christians, who are the living stones of the Body of Christ in the Holy Land, are increasingly marginalized by the politics of the region, but theirs is a witness of courage and perseverance. As North Americans who live in a culture that is indifferent to the Christian message of love and reconciliation, a pilgrimage can provide each disciple with a renewed appreciation of the privileges and cost of walking in the way of the Lord.

Join me, and Mary who have had several opportunities over the years to go to the Holy Land and share its wonders and joys with other disciples. Ours is a rich experience, which has been supplemented by long standing friendships born of a common love of Jesus and the land where he ministered. It would be an honor and privilege to walk with you as you discover the riches intrinsic to such a journey.

If you are planning to go on this pilgrimage a deposit needs to be sent to Lightline Pilgrimages by the end of June. See me for a booking form – WWIII

The Holy Trinity

This Sunday we gather to praise and glorify Almighty God in the most Holy and Blessed Trinity. Our only purpose on this Sunday is to give thanks and praise to God as we know Him through the three persons of the Father, Son and Holy Spirit. It is difficult for us to understand the Holy Trinity and we are not called to fully understand this difficult doctrine. However, we do experience God as we know Him in the three Persons of the Trinity and that experience is of great importance. Trinity Sunday reminds us that as Episcopalians we are extreme Trinitarians. We Believe without question what the Catholic Church has taught and believed about God in His three persons from the early Councils of the undivided Church. Let us always offer our thanks and praise for this great gift, the gift of God Himself.

Ichthyophagists
Ichthyophagists is a fancy word for people who eat fish. The Greek word from which it is derived is ichthus or ixthus, meaning fish. In the early days of the Church when followers of Christ were being hunted down and persecuted the word ichthus was used by Christians as a secret sign of recognition. Each letter in the Greek word represented the first letter of another word, and when put together they formed "Jesus Christ Son of God Savior" (J Jesus, X-Christos, THeos-God: Uious - the Son, Soter-Savior). Early Christians drew the outline of a fish as a means of identifying themselves as belonging to and serving the Lord Jesus Christ.

YOU CAN HELP

Hymns are chosen for Mass with the intention that they support the lectionary, and from Advent through Corpus Christi, you will find that there is a strong connection to the readings for the day.

From mid-June to late November, however, there is relatively more flexibility in what we sing, and that's where you come in. If there is a hymn (or two, or ten) that we haven't used for a while and that you'd like us to sing, please fill out the spaces on this sheet with any of the 720 hymns in The Hymnal 1982, and while we probably won't sing #111 in July, we'll try to use the ones you've been missing. Then come to Mass this summer and check out the numbers with asterisks; even if it's not your favorite, you'll know that someone asked for it.
